We strongly recommend that you are connected to the wired network (yellow network sockets, cables and VPN for students) The tool to verify and validate the use of an EPFL software is here. Find out 32 or 64 bits? Initially you need to download Catia v5. If you don't have a torrent then download here. Now you to download Catia v5 from torrent. After download was completed, start the below steps to install. The downloaded Catia v5 will be look's like this. You have to download one more software to extract Catia v5 which was downloaded. i.e., Power ISOAfter downloading all the required software's it's time to install. Now pen Power Iso Browse the Catia v5 After the opening of 1st file looks like this and click on extract just like do the same for 2nd file also. After Extracting both the files you have to start installation. Go to the location where files are extracted Double click on 2nd file and again double click on the setup. Now follow the instructions to install in the video. At the end of setup, uncheck the option of running "Catia Now". Now open the 1st extracted file and find a folder name by SolidSQUAD Double click on SolidSQUAD and copy the file name by JS0GROUP.dll After copying the file, this has to paste in another location for this Open >>> Program Files/Dassault Systems/B20/win_b64/code/bin >>> right click on mouse click on paste >>> replace the existing file. Start CATIA, now you will get a message saying "you need to choose at-least one license" click OK, then in the list of Licenses, check (tick on) all the boxes (there is about 100's of them to check) then OK.
